For the purpose of resolving a potential "course conflict", list 2 courses from your selections that:

- you could proceed **without**: _____
- and list 2 **alternate** choices: _____

* For full course descriptions consult Secondary Course Calendar at www.dsbns.org (select "Students" tab, and look under "DSBN Resources")

- GRADE 10:**
- Select one course from each of the 4 compulsory shaded pairs in your grade level. CHV2OH and GLC2OH are compulsory and have been pre-selected (. 5 credits each)
 - Select three electives from the other choices. Please note that, during your High School career, you must earn 1 credit in the Arts and 1 credit in Health and Physical Education in order to graduate.

GRADE 11/12: LEGEND: U = University M = University/College C = College O = Open E = Workplace

- Select one course from each of the compulsory shaded areas in your grade level.
- Students with fewer than 24 credits must select 8 courses. (Co-op is a 2 credit option)
- In order to graduate you need a minimum of 30 credits, although taking 31 credits is strongly suggested to help ensure that a failure or dropped course does not prevent a student from graduating.
- Seeking information on: OLC4O (Literacy Course) "Home Build" Co-op "Horticultural Co-op
